Point Pleasant **INDEXED**
Nursery & Fruit Co.

Incorporated

M. Schwartzwalder, General Manager

*"Uncle Mike" with a sample of one-year
whole root apple trees*

CAPITAL STOCK \$25,000

ALL KINDS OF NURSERY STOCK

Point Pleasant, W. Va.

LOCATION

We are located at Point Pleasant, W. Va. on the B. & O. and K. & M. R. R., Ohio and Kanawha rivers. Our shipping facilities are among the very best.

CONDITION

Terms cash unless otherwise agreed upon.

Boxing extra to dealers and nurserymen.

Trees carefully packed and shipped F. O. B. Point Pleasant, W. Va., consignee's risk.

All claims for shortage, damage, loss or deduction will not be considered if not made within a period of five days after receipt of stock.

All quotations are for immediate acceptance subject to stock being sold, and without liability to us should injury befall the stock from frost, hail, fire or other causes beyond our control.

REMITTANCE

Please remit by P. O. money orders, drafts, express orders or registered letters, Remittance in any other way entirely at sender's risk.

PACKING

The important part of our business is done under our personal supervision and you can depend on the goods reaching you in good condition. We make no charges for packing and delivering goods to freight or express offices, except to nurserymen and dealers.

OUR GUARANTEE

While we exercise the greatest care to have every tree and plant true to name, and are ready, on proper proof, to replace anything sent by us that proves untrue to label, free of charge, it is understood and agreed between purchaser and ourselves, that we are not to be held liable for any greater sum than that paid us for said trees that may prove untrue.

NOTICE TO CORRESPONDENTS

Orders should be placed early before assortments are broken. Do not delay ordering until time for planting, as in this way it is often impossible to procure varieties wanted.

The necessity of giving plain and accurate shipping directions is of the greatest importance, in absence of which we use our best judgment. Our responsibility ceases when goods are delivered to forwarders.

When planting apple be sure to get Whole Root, Crown Grafts, made on No 1 Hugh's Virginia crab apple seedlings. Scions selected from the very best young orchard trees.

For forty long years we have stood the test
The reason is—WE SELL THE BEST.

TO OUR PATRONS:

In presenting you herewith our list of stock for the coming season we wish to thank our customers for past patronage and solicit a share of your future needs.

Our stock is free from disease, no San Jose Scale, or crown gall, and all is covered by an Entomologist's certificate, a copy of which appears on each lot of stock sent out.

All orders entrusted to us shall have our best care and prompt attention.

We enter the season with a full line of leading varieties of all kinds of fruit trees, vines, plants, deciduous and weeping trees, evergreens, hedge, shrubbery, climbing vines, roses, etc., especially apples, having a nice assortment of young, smooth, nicely headed stock made on whole roots, crown grafted.

Our endeavor is to offer a full list of varieties best suited for market and home use, covering the entire season, weeding out kinds that do not generally succeed or that are superseded by newer varieties, offering in the newer introduction only such as we have reason to believe are improvements on the older sorts and will prove of permanent value.

Do not plant too many varieties; few kinds known to be desirable in your locality and market will prove a much better paying investment than a long list of a few of a kind. With over forty years experience in the nursery business and forty years carefully experimenting in the growing and handling of fruits, with stock grown on our own grounds under our own personal supervision, graded to the highest standard, packed and handled right, we ask your favors, feeling confident of our ability to please you; fully realizing that honest dealing and pleased customers are the only basis of continued prosperity.

Send us a list of your wants before placing your order elsewhere.

Those who contemplate setting commercial orchards will do well to get our list of commercial varieties, as we give special attention to placing orchards of this class and the greater per cent of our stock is of these varieties. We do not grow piece root or inferior stock to offer cheap. It is not our ambition to be a low price concern, but to offer stock as low as good goods, grown in a first class way, can be handled, and the gratifying increase in sales year by year assures us that our efforts to produce high grade nursery stock at reasonable prices are appreciated.
